

“Learning for All!”

<p style="text-align: center;">HAZELWOOD SCHOOL DISTRICT INTERNET ACCEPTABLE USE POLICY Parent/Guardian and Student – Please Read BOTH Sides Carefully</p>

- **The mission of Hazelwood School District Network (HSDNet) is to support excellence in education in and among academic institutions in the U.S. by providing access to unique resources and the opportunity for collaborative work. Students and staff will use HSDNet to locate information, communicate with other individuals, participate in distance learning activities, and locate materials to meet their information needs.** HSD provides Internet access to teachers and students and connects computers in all district buildings to each other and the world.
- **Internet use by students will be monitored by teachers and staff who have been trained through HSD staff development workshops on the appropriate use of the Internet and are members of the HSDNet. Students will be instructed regarding laws, District rules and Network/Internet etiquette before beginning classroom assignments. Students will learn the fastest and easiest methods for locating appropriate and educationally valuable Internet information (and how to avoid inaccurate and inappropriate data). Special screening programs are being used by HSD to assist in the protection of students from inappropriate information. The information available on HSDNet is similar to computer software, books, videos, and other audiovisual resources and is subject to review by existing board approved Instructional Materials Center policy.** HSD and the system administrators do not condone the use of inappropriate materials and do not permit usage of such items in the school environment. HSD firmly believes that the valuable information and interaction available on this worldwide network far outweighs the possibility that users may procure material that is not consistent with the educational goals of the District.
- **HSDNet is an associate member of MOREnet (Missouri Research and Education Network) and is connected via a dedicated link at the University of Missouri, St. Louis. A connection to the National Service Foundation (NSFNET) Internet backbone is made via the University of Missouri, Columbia.** Because HSDNet provides, through connection to MOREnet and NSFNET, access to other computer systems around the world, parents/guardians must specifically understand that the system administrators and HSD do not have total control of the content of information residing on these other systems. Parents/guardians are advised that some systems may contain defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, or illegal material that would be considered inappropriate for students to intentionally access. (NOTE: Home use of the Internet or E-mail, at this time, is not in any way connected to or the responsibility of HSD or HSDNet.)
- **Students or teachers/staff knowingly violating any laws or HSD rules related to Internet use in the school environment will be dealt with according to the discipline policies of HSD, and such activities may result in the termination of their privilege to use the HSDNet system.**

STUDENT

As a student, I will:

- follow all HSD rules and classroom instructions regarding the use of the HSDNet.
- seek the permission of a teacher/staff member before accessing HSDNet programs.
- access only appropriate material that is relevant to the assignment.
- consult the teacher for guidelines regarding telecommunicating and downloading.
- use only school appropriate language when telecommunicating.
- follow all teacher/staff instructions regarding the access/use of files (yours and others).
- protect the integrity of the system and the files it contains from damage as the result of vandalism or viruses. This would include the protection of programs and files belonging to an individual, HSD, MOREnet or NSFNET.

I understand and will abide by the above Internet Use Agreement. I further understand that any intentional violation of the regulations above is unethical and may constitute a criminal offense. Should I commit any violation, my access privileges to HSDNet may be suspended or revoked and school disciplinary action may be taken and/or appropriate legal action.
